

THE CENTER FOR
MINIMALLY INVASIVE
SURGERY

Welcome to The Center for Minimally Invasive Surgery!

Our Mission at The Center for Minimally Invasive Surgery is to provide our patients with the highest quality healthcare possible using modern, state-of-the-art technology in a friendly and caring environment by highly-skilled, compassionate staff. We recognize all people as unique and valuable, and strive to meet their individual needs. Our healthcare team is the source of our strength and is committed to the same compassionate care we would provide to a member of our own families.

We will take every opportunity to empower you with the information you need to continue your care after discharge. Your questions and comments are encouraged. Please do not hesitate to ask any questions you may have and feel free to let us know how we are doing.

To accomplish our mission, we need our patient's feedback to help us identify what we are doing well and what needs additional improvement. Sharing your thoughts and feelings about your healthcare experiences can help us make the care and experience of future patients and their families better. Please take a few minutes to complete the enclosed patient survey and return it in the postage paid envelope. If you shared your email address, you will receive a survey electronically. All responses are confidential, so please express your opinions freely. In consideration for your time, all respondents are entered into a monthly drawing for a \$100 Amazon gift certificate.

Thank you for choosing us as your healthcare partner and for participating in our quality improvement program. Best wishes for your good health and recovery.

Sincerely,

Lisa Davis, CPC
Administrator

Michelle Corner, RN
Director of Nursing
